TBS EDUCATION – Toulouse Campus
TEACHING POSITION IN STRATEGY / INNOVATION MANAGEMENT / INTERNATIONAL BUSINESS

Starting in September 2027

POSITION OVERVIEW

TBS Education invites applications for a permanent teaching position within the Department of Strategy, Entrepreneurship and Innovation at our Toulouse campus, with an interest in contributing to our teaching across these interconnected disciplines. We seek committed educators who are passionate about teaching excellence, student engagement and pedagogical innovation in an international higher education environment. The successful candidate will contribute to the design and delivery of high-quality learning experiences across our programmes, support students' academic and professional development, and actively participate in the life and continuous improvement of the School.

WHY JOIN TBS EDUCATION

At TBS Education, we believe business schools have a responsibility to create positive societal impact through transformative education, intellectual contributions and strong engagement with local organisations and communities. Guided by our mission as a B-Corp (société à mission), we foster an environment where faculty members can develop innovative pedagogies, contribute to

programme development, collaborate across disciplines and strengthen their professional and academic expertise. Joining TBS Education means becoming part of an international institution committed to academic excellence, responsible leadership and meaningful impact for society.

CANDIDATE PROFILE

- PhD in Strategy, Innovation Management, Entrepreneurship, or International Business from a recognized institution.
- Ability to teach in at least one of these disciplines in both English and French to diverse student groups (Bachelor, Master, Executive Education), with an interest in developing teaching activities across the other areas.
- Demonstrated commitment to teaching excellence and pedagogical innovation, with relevant experience or strong potential to develop innovative learning approaches.
- Teaching-related publications or educational contributions (e.g., case studies, textbooks, book chapters, or articles in teaching & learning or professional journals), or a willingness to develop such outputs.
- Ability and willingness to coordinate and manage modules and academic programmes.
- Relevant professional experience, industry connections, or a strong interest in building networks with practitioners (appreciated).
- Interest in developing interdisciplinary teaching activities (e.g., sustainability, AI & data) and contributing to pan-European teaching projects (e.g. UNIVERSEH, the European space university for earth and humanity).
- Collaborative and collegial mindset, excellent communication skills, and enthusiasm for contributing to institutional life and continuous school development.

KEY RESPONSIBILITIES

- Teaching: Deliver high-quality teaching and pedagogical materials in their field of expertise at the graduate and executive education levels; be involved in the coordination and continuous improvement of specific programs and/or modules
- Intellectual contributions: Develop and publish pedagogical innovations (e.g. case studies, textbooks, simulations) and engage in academic/professional collaborations
- Service: Contribute actively to initiatives within the department and Centre(s) of Excellence

WHAT WE OFFER

- International working environment
- Support from a specialised pedagogical innovation team.
- Attractive employment conditions and comprehensive benefits
- Relocation assistance and French language support

ABOUT THE DEPARTMENT

Faculty members within the Department of Strategy, Entrepreneurship and Innovation are united by a common ambition: producing rigorous and impactful intellectual contributions while delivering high-quality teaching and an outstanding student experience. They value methodological diversity, intellectual openness and interdisciplinary dialogue. The Department provides an environment where faculty are encouraged to create impact beyond academia.

LIFE IN TOULOUSE

Toulouse offers a unique academic environment in a vibrant, cosmopolitan city. Discover Toulouse
Toulouse combines exceptional quality of life with one of Europe's most dynamic innovation ecosystems. As the European capital of aerospace and a major hub for entrepreneurship, digital technologies, artificial intelligence and sustainability, it offers outstanding opportunities for research collaborations and industry engagement. TBS Education also benefits from strong ties with legal professionals, human resource management practitioners, business leaders, and a broad network of leading national and international organizations.

APPLICATION PROCEDURE

Candidates are invited to fill out the application form on TBS Education’s recruitment page by Sunday, January 31, 2027: Faculty Application TBS Education

The complete application package should be submitted in English and should include the following material:

- A cover letter
- A complete Curriculum Vitae with a list of intellectual contributions (e.g. published case studies or other teaching materials) and courses taught (list of courses, level of programmes, number of hours)
- A teaching statement and teaching evaluations
- The names of 3 referees who can be contacted

>> Practical questions or issues concerning the application: faculty.jobs@tbs-education.fr
>> Clarification questions can be directed to the Head of Department: Andrew BARRON a.barron@tbs-education.fr

Interviews with shortlisted candidates will take on Wednesday, March 24, 2027.

In line with the values promoted by TBS Education, we are committed to professional equality and the employment of disabled workers. As part of our recruitment process, all applications are examined.
