Position reference ISSC23-AF-AKA

Audencia (https://www.audencia.com) invites applications for a position as Associate or Full Professor in Information Systems. The position is for a full-time, non fixed term contract and is based in Paris.

Position requirements

We are looking for applicants specialized in Information Systems in terms of both research and teaching. Area of expertise should cover **Big data, Blockchain, Data Analytics, and to a lesser degree Digital Transformation**. Applicants shall hold a Ph.D. Successful candidate must have a strong research agenda and be able to demonstrate their ability to publish in high-impact peer reviewed international journals.
They shall also be able to demonstrate their ability to teach effectively. The teaching associated with the position will be in English, at undergraduate, graduate and executive education levels. Previous teaching experience in English is mandatory. French would be a plus.

Position overview

The new faculty member will join our Department of Information Systems and Supply Chain Management. The department consists of 17 permanent faculty members, 10 of which have a research profile.

The faculty's recent publications in IS include articles in the Journal of Information Technology, Information and Management, Journal of Business Research, Journal of the American Society for Information Science and Technology, The Journal of Trading, International Journal of Information Management…

There are a number of benefits attached to the contract including an individual research or pedagogical budget, the possibility to apply for additional internal funding opportunities, performance-based bonuses and family medical coverage.

The School

Audencia is triple accredited (AACSB, EQUIS and AMBA) and one of the leading European and French business schools. The school offers a wide range of programs including Bachelors, BBAs, the MS Grande Ecole, MScs, MBA, Executive MBA, European Master in Management, Doctorate and Executive Education Programmes, with 161 core faculty members from 36 countries. The school is very dynamic, has grown significantly in the most recent years and will continue to do so with new positions opening in the future. Audencia fosters both high-level research and high-level pedagogy and has a workload model that allows faculty to place emphasis on either of the two.

Environment

The school has campuses in France and abroad. This position is for the Paris campus, however some courses could be taught in the Nantes campus.

Application

Candidates should send a cover letter, a recent curriculum vitae including a detailed list of publications, recent teaching evaluations, and contact information of three referees by e-mail to: Prof. Thibaut BARDON, Associate Dean for Faculty: faculty-recruitment@audencia.com
Please quote reference **ISSC23-AF-AKA** in the subject of your email.
Review of application will begin immediately and will continue until the position is filled.
