Introduction

A place for learning, research, and community life, the University of Lausanne (UNIL) brings together nearly 17,000 students and 5,000 staff members, including faculty and researchers. As an employer, UNIL promotes excellence, individual recognition, and responsibility.

About the Position

The Faculty of Business and Economics of the University of Lausanne (HEC Lausanne) invites applications for a full-time position at the rank of

Senior Lecturer (MER I/II) in Information Systems

Position Information

- Starting date: August 1, 2027, or on a mutually agreed date
- Employment rate: 100%
- Contract duration: 6 years, renewable
- Location: Internef Building, Lausanne

Your Profile

The successful candidate must hold a PhD in **Information Systems (IS) or Computer Science (CS)**, with a specialization either in software development methodologies and techniques (DevOps), particularly aspects related to Artificial Intelligence (AI) and project management, or in the field of data modeling. Candidates must demonstrate substantial experience in university-level teaching at both the Bachelor's and Master's levels, including experience teaching large student cohorts. A minimum of three years of teaching experience is desirable. Applicants should also demonstrate a strong interest in pedagogy and innovative teaching approaches. Excellent command of French and good command of English are essential. The successful candidate is expected to maintain an active research agenda, including publications in international journals, in order to remain up to date with developments in the relevant fields.

The appointed person will join the Information Systems Department at HEC Lausanne.

Application Procedure

A more detailed description of the position is available here.

Applications must be submitted exclusively through this website.

Applications must be received no later than **January 31, 2027** (11:59 p.m. local time, Switzerland) via the above link. Only applications submitted through this link will be considered.

Please complete the online application form and upload the following documents:

- Curriculum Vitae
- Cover Letter
- Teaching evaluations
- List of publications
- Names and contact details of up to three referees
- Pre-recorded teaching video (approximately 10 minutes)

Contact for Further Information

Additional information may be obtained from:

- Professor Kévin Huguenin (kevin.huguenin@unil.ch), Head of the Information Systems Department
- Professor Stéphanie Missonier (stephanie.missonier@unil.ch), Deputy Head of the Information Systems Department

Additional Information

Committed to promoting women's access to academic careers, the University encourages applications from women (Equality, Diversity and Inclusion).

UNIL supports family-friendly recruitment practices and covers the travel expenses of a second accompanying person for professor-level recruitment candidates who are single parents (of any gender) or breastfeeding mothers with a child under the age of two, whether breastfed or bottle-fed.

UNIL supports early-career researchers through its Graduate Campus.

The University of Lausanne (UNIL) is located in Lausanne, on the shores of Lake Geneva, one of Switzerland's and Europe's leading economic and intellectual hubs, approximately 40 minutes by train from Geneva International Airport.
