Faculty - Business

WHO WE ARE As the UAE's largest applied education institution, we are meeting the country's needs by educating future leaders in business, technologies, industry and the community, who operate effectively in today's globalized and interconnected landscape.

Our goal is to educate and graduate cadres of highly skilled, versatile & workforce-ready students, ready to make meaningful contributions to, and lasting impacts on, their nation and the world. To achieve our goals, we are keen to grow our dynamic team of academics with motivated, experienced and talented faculty members.

ABOUT THE POSITION To provide effective instruction in general Faculty subjects and in at least two or more specific areas of the assigned program/discipline to the second language learners within a student-centric learning environment that fosters respect for students, their culture, and their traditions. To actively participate in academic and extra-curricular events at the College and within the community.

YOUR KEY DUTIES Contribute to the implementation of HCT's system-wide strategy. Assist with the development and preservation of system-wide and Faculty/Division-specific policies. Engage in applied research relevant to the Division's interest and the national innovation agenda and its targeted priority sectors. Use a practical, applied approach and teach courses that are in line with course syllabus and program goals to meet the needs and aspirations of the students and the community. Develop and utilize various educational technology resources to ensure that effective and innovative instruction methodologies are employed. Apply strategies to ensure that effective student learning is achieved within a second-language environment, providing continuous feedback on student progress through a variety of assessment tools, including tests, projects, assignments and other evaluation instruments. Take a student-centered approach, providing students with individual assistance, and dealing promptly with student issues by liaising directly with the student, program supervisor and other College personnel as required.

SKILLS WE ARE LOOKING FOR

- A Ph.D. in a relevant discipline is required where applicable, Or Master's Degree and a professional certification relevant to the discipline with 5 years of teaching and industry experience.
- A minimum of 3 years teaching experience in the relevant discipline.
- A minimum of 3 years relevant industry experience is preferred.
- Experience in developing course curriculum as per accreditation and international standards.
