ABOUT OUR SCHOOL

EDHEC Business School is one of Europe's leading business schools and a member of the select group of institutions worldwide to have earned all three international academic accreditations (AACSB, EQUIS, AMBA). For its strategic development, EDHEC has chosen to look ahead to 2050 because of the key significance of this deadline. Reducing carbon emissions, protecting biodiversity, reducing inequalities, providing universal access to education: 2050 is a pivotal year for humanity. The generation of 2050 will live in a radically different world depending on the shifts made in the coming decades. In order to maximise its societal impact, EDHEC has organised its plan around three main strategic areas: rethinking business models in the service of the common good (I), the need to educate students to transform (II) and accelerating the deployment of climate finance (III).
