ABOUT THE PROGRAM

The MSc in Financial Markets & Investments is a market-driven finance program that closely reflects the constantly changing world of international finance. The teaching and curriculum use a practical approach.

Students are educated in a custom-made academic environment that facilitates success across a wide variety of market finance jobs. FMI gives students practical expertise for key areas of finance in the new post-crisis environment.

Students learn the latest methods in trading, risk management, ethics and compliance, sales, private and investment banking as well as sustainable finance. The program is market-oriented and practical where students are trained to make an immediate impact in their first job. The availability of Bloomberg terminals with live quotes and up-to-date financial information further prepares students to have a better understanding of the markets ahead of their transition to industry.

The program is built on four pillars: macro and micro-economics, financial asset knowledge,

quantitative tools and financial markets advanced methods.

FMI was ranked in the Top 3 worldwide by the Financial Times in 2024.
