Assistant / Associate Professor of Data Science, Artificial Intelligence, and Information systems

For one of its French campuses

Founded in 1909, ESSCA is an internationally accredited business school (AACSB, AMBA, EQUIS) located on 10 campuses: Angers, Aix-en-Provence, Bordeaux, Budapest, Luxembourg, Lyon, Malaga, Paris, Shanghai, and Strasbourg. The school offers a wide range of programmes including undergraduate, integrated masters, MSc, and executive programmes.

ESSCA's Operations Management and Decision Science (OMDS) Academic Department is seeking **an Assistant or an Associate professor of Data science, Artificial Intelligence, and Information systems** for one of its [French campuses](#).

Candidates must hold a PhD in Data Science, Artificial Intelligence, Information Systems or any related field, and have a proven experience in higher education. The candidate must have skills in mathematics and statistics. Prior corporate experience would be an advantage.

The main missions of the position include:

- Teaching courses in Data Science, Statistics, Data Management, Business Analytics, Digital Transformation, and Information Systems in French and English to a variety of audiences (undergraduates, graduates, and executives).
- Research: candidate must have high potential or a significant record of academic publications in peer-reviewed journals in the areas of Data Management, technology development (AI), and Information Systems.
- Multi-campus course coordination and working with faculty members on all campus, as a team player with good communication skills.
- Mentoring and supervision of students.
- Participation in the life of the institution.

Complete applications consisting of:

- a cover letter,
- full curriculum vitae,
- evidence of a research,
- copies of teaching evaluations in different programmes,
- the names and addresses of three referees,

must be submitted via this link: [ESSCA application form](#).

The deadline for applications is March 31, 2025.
