1 PROFESSOR (Associate or Full) in Management of Information Systems (Lille Campus)

In response to its continuous growth, IÉSEG School of Management is looking for a full-time professor in **Management of Information Systems at the Associate or Full Professor level** (Lille Campus, starting September 2025). He/She/They will be a part of the Department of Innovation, Entrepreneurship & Information Systems.

ABOUT IÉSEG SCHOOL OF MANAGEMENT

IÉSEG holds the “**triple crown**” of international accreditations (AACSB, AMBA & EQUIS) and is a member of the Conférence des Grandes Écoles. The School offers Bachelor, Master and Post-Graduate Degrees as well as Executive Education programs. IÉSEG is also one of the leading French business schools in terms of research. The IÉSEG Research Center is accredited by the French CNRS (National Center for Scientific Research). Our Lille Campus is in the heart of Northern France (within the triangle made up by London, Paris and Brussels), and our Paris Campus is located in the biggest European business district of La Défense. More information on the school can be found here: www.ieseg.fr/en.

ABOUT THE DEPARTMENT

The department of Innovation, Entrepreneurship & Information Systems consists of more than 20 permanent academic staff who teach and perform research in the areas of Information Systems,

Law, Entrepreneurship, and Innovation, among others. An overview of our diverse group of professors can be found here: [Innovation, Entrepreneurship & Information Systems Department](#)

ABOUT THE POSITION

The successful candidate will have a proven track record of excellence in teaching and research. The selected candidate will contribute to the vibrant research community at IESEG through their research. He/she/they is therefore expected to hold a **PhD** in Information systems or a related field, have a publication record in highly ranked peer-reviewed journals, and conduct and publish high-quality research. Publications and proven research interest in sustainability aspects related to information systems is an asset.

In terms of teaching, the successful candidate will be expected to deliver high-quality teaching at the undergraduate, and/or graduate levels. The candidate shall be able to teach in at least one of the following areas: Artificial Intelligence, Data Analytics, Data Visualization, Programming, Cybersecurity, Digital Transformation.

In addition, he/she/they will contribute to the development of the Department's programs and assume academic responsibilities. As such, we are looking for candidates who are fluent in English, as most courses are taught in this language. Professional experience and knowledge of French are a plus, but not a requirement.

The candidate will be expected to actively participate in the life of the department, including by mentoring junior colleagues, as well as advising and mentoring students at all levels, in addition to participating in departmental and university service activities (such as the coordination of minor, programs, etc.)

Finally, we are looking for candidates who embody our core values of **Accomplishment**, **Responsibility**, **Integrity**, **Solidarity**, and **Engagement**, and fit our diverse and international culture in which over 50 nationalities are represented. IESEG places tremendous value on diversity and inclusion, and we, therefore, encourage applications from all backgrounds. Underrepresented groups in academia (notably women, minority ethnic groups, people identifying as LGBTQIA+, people with a (non-)visible disability, and people from lower socio-economic backgrounds and/or economically developing countries) are particularly encouraged to apply, as we are highly committed to ensuring that IESEG reflects and benefits from the diversity present in society.

WORKING AT IESEG

At IESEG, we are committed to providing a supportive and engaging work environment. To new faculty members (and their partner), we offer a wide range of resources to help them integrate into the country, culture and school, such as individualized French language courses (for faculty members and their partner), a relocation allowance, and housing search assistance. Moreover, all faculty members have access to a competitive salary, as well as benefits such as French social security, a complementary health insurance, meal vouchers, a profit-sharing plan, and a contributory pension scheme. Finally, the school actively promotes research, provides resources for active scholars (e.g., funding for conferences and data collection) and offers competitive financial bonuses for high quality international peer-reviewed research publications.

JOIN IESEG!

Apply by filling out the application form available at:

<https://recruitment.ieseg.fr/jobs/5772044-management-of-information-systems-associate-full-professor?promotion=1413537-trackable-share-link-akadeus>

When applying, please upload a **single pdf file** merging the following documents:

- A CV
- The names, affiliations, and email addresses of three referees (recommendation letters are required at a later stage in the application process)
- A cover letter explaining your motivation to work at IESEG
- A teaching and a research statement
- One working paper
- Recent teaching evaluations

For any further question, please contact us by e-mail at permanentfaculty.recruitment@ieseg.fr
(Applications received by email will not be reviewed.)

APPLICATIONS WILL BE RECEIVED ON A ROLLING BASIS. THE POSITION WILL BE ADVERTISED UNTIL IT IS FILLED.
