Shape the Future of Business & Tech Education in Malaysia - Multiple Open Rank Positions available in Marketing, Finance/Islamic Finance, Data Science, Management

At the **University of Cyberjaya**, we believe that education is about more than just classrooms and textbooks—it's about shaping real-world leaders, sparking innovation, and building futures. And we're on the lookout for like-minded academic professionals to join us.

The **Faculty of Business & Technology (FOBT)** is expanding, and this is your opportunity to be part of something exciting.

We're based in the heart of Cyberjaya, Malaysia's smart city, where innovation and digital transformation are all around us. As part of one of Malaysia's top-ranked private universities, we take pride in being known for **employability, excellence, and social**

impact.

This is your chance to be part of a faculty that:

- Champions industry-relevant education
- Drives research with real-world impact
- Fosters digital innovation and sustainability
- Cultivates leaders ready for tomorrow

We're looking for individuals who think beyond the classroom, bring fresh perspectives and believe education should empower, not just inform.

Key Responsibilities:

- Teach undergraduate and/or post-graduate courses in one or several areas.
- Engage in high-quality research and publish in reputable academic journals.
- Develop and update course curricula to reflect industry trends and best practices.
- Provide academic advising and mentorship to students.
- Participate in departmental and university service activities.
- Collaborate with industry partners and contribute to community engagement initiatives.
- Secure external funding for research and projects

Minimum Qualifications:

- A Ph.D. or DBA in the respective fields from an internationally accredited institution.
- Evidence of scholarly achievements and a strong research pipeline.
- Established record of teaching excellence and service.
- Strong communication and interpersonal skills.

Preferred Additional Competencies:

- Experience with online and hybrid teaching methods.
- Track record of securing research grants and funding.
- International academic or industry exposure, including executive education and professional qualifications (CPA, CFA, PMP, SFHEA etc.)
- Ability to integrate emerging business trends and digital transformation into the curriculum.
- Strong international network in academia

Application Instructions

To apply for this position, please submit your Curriculum Vitae showing the research pipeline, by email at: fobt-hiring@cyberjaya.edu.my

For informal discussions on the position, you can contact the Dean of the Faculty of Business and Technology at priya@cyberjaya.edu.my

UoC's mission includes fostering a diverse academic community. UOC is an equal opportunity employer. The university actively recruits faculty from around the world, aiming to create an international and inclusive environment that reflects various cultures and perspectives.
