Assistant/Associate Professor in Entrepreneurship - Teaching Track

Position

To participate in the continuous development of the EDHEC programs, EDHEC Business School (www.edhec.edu/en) is recruiting an Assistant or Associate Professor of Entrepreneurship. The successful candidate is expected to actively teach in EDHEC undergraduate and graduate programs and to fully participate to the EDHEC agenda in Pedagogical Innovations by implementing innovative and active learning approaches. Ability/experience in blended learning and/or e-learning is a plus. The candidate will also be expected to conduct research that is published in academic journals.

We will recruit in priority an applicant whose main research theme deals with entrepreneurship & sustainability.

EDHEC offers great career development opportunities for Faculty members. EDHEC also offers opportunities for managing programs.

Location will be on the Nice or Lille campus.

About our School

For its strategic development, EDHEC has chosen to look ahead to 2050 because of the key significance of this deadline. Reducing carbon emissions, protecting biodiversity, reducing inequalities, offering universal access to education: 2050 is a pivotal year for humanity. It is also the time when EDHEC will be graduating the young people born during this strategic plan, the 2050 generation who will be living in a radically different world depending on the shifts made in the coming decades.

In order to maximize its societal impact, EDHEC has organized its plan around three main strategic areas: rethinking business models in the service of the common good (I), the need to train students to transform (II) and the need to accelerate the deployment of climate finance (III).

The "Generations 2050" strategic plan (2024-2028) is supported by an investment effort of €270 million, of which €112 million is dedicated to the development of the 90,000 m2 Share & Care campuses.
