DEPARTMENT OF ECONOMICS/FAIR

PhD Research Scholar Position in Behavioural and Experimental Economics

About NHH

[NHH Norwegian School of Economics](#) is one of the leading business schools in Europe. We have an internationally recognised research environment and collaborate with 195 universities and business schools worldwide. NHH is the first choice for students who want to study business administration in Norway. Our activities are characterised by high quality, strong ethical standards, and a collective drive for common goals.

In close partnership with the business community and society, we generate and disseminate new knowledge and create value for a sustainable future. NHH is located in the city of Bergen and has around 3,750 students and 455 employees.

The PhD specialisation

NHH is pleased to announce a PhD Research Scholar position in behavioural and experimental economics at the Department of Economics. The position is part of a large

interdisciplinary research project, [Freedom to Choose \(FREE\)](#), financed by the Research Council of Norway and hosted by [FAIR](#) – Centre for Experimental Research on Fairness, Inequality and Rationality. The FREE-project aims to investigate how concerns for the freedom to choose and shape individual behaviour and policy attitudes. The project brings together researchers from economics and psychology and seeks to exploit the scientific synergies between these disciplines.

The PhD Research Scholar position will have its primary focus in behavioural and experimental economics, contributing to the core research agenda of FREE. Candidates with a strong background in economics and with an interest in experimental methods, behavioural theory, and interdisciplinary collaboration are particularly encouraged to apply.

The PhD specialisation in economics aims to give dedicated graduates a solid training in performing high quality scientific research in economics, making use of state of the art empirical and theoretical techniques. The programme prepares students for the international academic job market, for positions at national and international policy institutions, central banks, research organisations, and industry.

The Department of Economics offers an international and research active environment with 45 faculty members and 30 PhD research scholars in various fields. There are three main research groups: Centre for Experimental Research on Fairness, Inequality and Rationality, FAIR (Labour, Behavioural incl. Development Economics), Macroeconomics (incl. Economic History) and Microeconomics (incl. IO, International Economics and Trade).

The department encourages interaction between PhD research scholars and faculty through social gatherings and a wide variety of seminars and workshops in which the PhD research scholars are fully involved.

PhD research scholars are provided with personal computers, printer access, extensive library resources, and a wide range of software.

Further information on the [Department of Economics](#) and on the [PhD specialisation in Economics](#).

Start date: August 2026

The PhD programme

The PhD programme at NHH is a four-year fully-funded programme, which combines an intensive course component with research and relevant work experience, preparing the school's graduates for scholarly positions at recognised international institutions and positions in knowledge-intensive institutions and firms outside of academia. Former PhD graduates have been hired by renowned institutions such as Harvard University, The University of Sydney's Business School, University of Amsterdam, Tilburg University, Hanken School of Economics, Norwegian universities and business schools, as well as by government, banking, finance and consulting industries.

The PhD research scholars will be included in a highly stimulating and rewarding research environment, working closely with faculty members and other PhD research scholars at the school. PhD research scholars participate actively in faculty and research seminars, as well as in workshops. As part of the position, the PhD research scholars allocate 25% of their time to career promoting work such as teaching assistance. They also receive pedagogical training. The place of work is at NHH in Bergen, where the PhD research scholars will have their own office space at their department.

The PhD programme gives preference to applicants who address research problems that align with the department's research interests and the available resources for supervision. As the school aspires gender balance and diversity, female applicants will be given preference if applicants are otherwise equally qualified.

NHH offers

- annual salary of NOK 565 000 (equivalent to approximately EUR 48 150 or USD 55 940) pr. August 2026. For particularly well-qualified applicants, a higher salary may be considered. Thereafter annual adjustment of minimum 3%. The salary ensures a fair standard of living in Norway and is subject to Norwegian taxes and benefits, including public health care benefits and pension savings
- career guidance and an individual career development plan
- opportunity to take basic Norwegian language courses
- research funds for travels and funding for conference participation and research stays abroad to build a wider network and strengthen the research of the PhD research scholar

The city of Bergen offers a mild coastal climate and hosts rich opportunities for culture and outdoor activities, as well as a family-friendly environment. Note that public healthcare, public schooling for children, and most other public services are free in Norway. To explore Norway and the city of Bergen, go to [visitnorway.com](https://www.visitnorway.com).

Eligibility requirements

Applicants must meet the [eligibility requirements](#) for the PhD programme. Applicants must normally have completed a five-year Master of Science (MSc) degree in Economics and Business Administration or a comparable degree. The average grade must normally correspond to a minimum of B (4.0) in the Norwegian grade system.

The Department of Economics requires you to demonstrate both an adequate level of academic skills and an adequate level of English language proficiency (unless you are exempt). We accept the following tests:

- GMAT or GRE tests to measure your academic skills
- TOEFL, IELTS or PTE Academic to measure your English language proficiency

When applying, you are required to upload a copy of your unofficial test scores in Jobbnorge before the deadline. If you are shortlisted, NHH will ask you to give us access to your official test scores without delay.

Exemptions:

- You are waived from the GMAT or GRE tests if you hold a qualifying master's degree from a Nordic institution.
- You are waived from TOEFL, IELTS or PTE Academic tests if you are a native English speaker, if you have a qualifying master's degree from a Nordic institution or if you have a qualifying master's degree where the language of tuition was English.

For more detailed information about the tests and their minimum scores, please visit our webpage: [Admission to the PhD programme| NHH](#). If you have questions, you may contact phd@nhh.no.

Application requirements

You are required to upload the following documents with your application in Jobbnorge:

- Certificate of your master's degree or equivalent, including transcripts of records. You need to have completed your master's degree prior to the starting date for the position. If you have not completed your degree when applying for the position, please attach a transcript of records of the courses and grades that you have completed so far.
- Certificate of your bachelor's degree or equivalent, including transcripts of records.
- Other relevant certificates or transcripts (e.g. courses completed at the PhD level).
- If the issuing authority of grades and degrees does not use the ECTS grading scale, include an official description of the grading scale used.
- Statement of purpose describing your motivation for applying for this position (250-300 words).
- A research proposal (2000-4000 words). The research proposal should describe the aims, research questions, and motivation of the proposed research. Please note that your research proposal is tentative and often needs adjustments after your acceptance into the programme.
- Curriculum vitae.
- A list of all publications and/or other documented research activities.

Please upload the documents in separate files, not combined in one single file.

Letters of recommendation and contact details of references:

Letters of recommendation and/or contact details of references may strengthen your

application, but they are not mandatory. If you choose to include letters of recommendations, the references should send their letter of recommendation in PDF format to hr-phd@nhh.no by latest **15 January 2026**. Contact details of references may be included in Jobbnorge when you apply.

General information

For more information on the PhD programme and the submission procedure, please consult the [NHH PhD website](#). Incomplete applications will not be considered.

Please note that applicants for the PhD research scholar position do not need to apply separately for admission to the PhD programme.

NHH emphasises diversity and encourages qualified candidates to apply for the position regardless of gender, cultural background, age and disabilities.

In accordance with §25 (2) of the Freedom of Information Act, information about the applicant may be made public even if the applicant has requested not to have his/her name entered on the list of applicants. The applicant will be notified if his/her request is not respected.

As part of the recruitment process, a background check may be conducted with the candidates' consent.

For questions and inquiries about the NHH PhD programme, please contact phd@nhh.no.

Applications must be submitted through the Jobbnorge online portal. To open the application, please click 'Apply for this job'. For the English version, go to the menu at the top right side.

Application deadline: 15 January 2026
