Universidad de Deusto - Docencia e Investigación

Job description

[Deusto Business School](#) at the [University of Deusto](#) invites applications for a full-time faculty position (**Teaching and Research Staff** – PDI) in the field of **Digitalization, Business Analytics and Information Systems** to join the Department of Management – Strategy and Information Systems Area at the Bilbao Campus.

This position offers an excellent opportunity to combine teaching and research activities, participate in the design and implementation of academic programmes at undergraduate, master's and executive levels, and contribute to research and knowledge transfer.

The successful candidate is expected to play an active role in the academic, research and institutional development of Deusto Business School in alignment with its strategic priorities.

The selected candidate will participate in the following **functions**:

- Teaching undergraduate courses related to Information Systems, Digital Economy and Digital Business, in Spanish and English. Also teaching at postgraduate level, particularly in Business Analytics programmes, as well as contributing to other master's programmes aligned with digitalization and information systems.

- Teaching in Executive Education programmes related to digital transformation, analytics, artificial intelligence and information systems.
- Contributing to the design, development and launch of new academic programmes (undergraduate, master's and executive education) in the fields of digitalization, business analytics and information systems.
- Assuming academic leadership and management responsibilities in postgraduate programmes. Also might lead platforms or chairs focused on artificial intelligence and digitalization, particularly linked to executive education and external engagement.
- Conducting high-quality research with the objective of publishing in internationally recognised academic journals.
- Promoting and participating in knowledge transfer activities, applied research projects and collaboration with companies and institutions.
- Engaging in academic coordination, management and service activities within the Department and Deusto Business School.

We offer

- Dedication: Full-time (100%)
- Contract type: Exclusive
- Academic category: **Associate Professor** (or equivalent)

International Mobility Support

In the case of an international appointment, the University of Deusto will provide institutional support for relocation and initial settlement, in accordance with its internal policies, in order to facilitate the candidate's integration into the academic and professional environment.

Requirements

- PhD in Management, Information Systems, Business Analytics, or related disciplines.
- Teaching and research profile aligned with digitalization, business analytics and information systems.
- Ability to teach in English and Spanish, which are the working languages of the position.
- Demonstrated research potential and commitment to academic excellence. Experience or strong potential in programme development and academic management.
- Interest in executive education and applied, impact-oriented activities. ANECA accreditation (or equivalent), or clear potential to obtain it will be considered

a valuable asset (within a maximum of three academic years).

- Generic competencies: Professional competence, teaching vocation, empathy, ability to work in a team, adaptability, and identification with the identity and mission of the University of Deusto as a Jesuit University.

The University of Deusto is firmly committed to equal opportunities, [diversity and inclusion](#), and encourages applications from all qualified candidates regardless of [gender](#), age, disability, nationality, ethnic origin or any other personal or social condition.

Candidates with a recognised disability are encouraged to apply. Reasonable accommodations will be provided throughout the selection process when required.

Application Deadline

The deadline for the receipt of applications is **28 February**. Candidates are strongly encouraged to submit their application as early as possible, as applications may be reviewed and assessed on a rolling basis prior to the closing date
