The ideal candidate has an internationally recognized and leading track record in research in leading journals in the field of Accounting, reflected in multiple publications in top journals (e.g. FT 50), a pipeline of promising research projects, and a strong international academic network, ties with industry, and excellent teaching skills on all levels, including executives. Associate Professors are tenured and full members of our faculty with a path to full professorship, leading research teams and supervising PhD-students. For an Assistant Professor, we expect applicants to show strong promise on all of these points.
