SolBridge Assistant Professor Position for Spring 2027

SolBridge is a young and innovative AACSB-accredited business school in South Korea. Our student body represents more than 70 nationalities, and over 70% of our faculty members are international, fostering a highly diverse and inclusive academic environment.

Located in Daejeon, a city renowned for its technology and research institutions, SolBridge offers a rich learning environment where students can gain valuable hands-on experience. Our faculty also benefit from numerous opportunities for research and teaching collaboration with our global partner institutions.

Position:

Assistant Professor

This is a full-time, teaching-and-research, on-campus appointment based in Daejeon, South Korea.

The position is offered on a renewable two-year contract.

Start Date:

March 1, 2027

Who can apply?

- Candidates who hold a Ph.D. in any area of business from a reputed doctoral program
- Promising ABD candidates will be considered

Research Orientation:

This position is intended for candidates committed to developing an active and independent academic research program alongside their teaching responsibilities. We particularly welcome applicants with a coherent research agenda, a credible publication pipeline, and the potential to publish in high-quality, peer-reviewed academic journals.

Teaching Areas:

We welcome applications from candidates who are able to teach in one or more of the following areas:

1. Analytics & AI for Business
    - Indicative Courses include: AI & Predictive Analytics, Machine Learning, Generative AI, Agentic AI & Applications, Managerial Decision Modelling & Analytics, Data Visualization & Exploratory Analytics
2. Technology
    - Indicative Courses include: Blockchain Technology & Cryptocurrency, Generative AI and Programming, Programming for Business Applications (Python / other languages), Digital Strategies for Entrepreneurial Ventures, Digital Transformation, AI for Business Transformation, Information Systems and Digital Technologies for Business
3. Organizational Behavior & Human Resources
    - Indicative Courses include: People & Organizations, Human Resource Management, Managing Diversity in workplace, Managerial Skills
4. Marketing
    - Indicative Courses include: Principles of Marketing, Marketing Management, Consumer Behavior, Marketing Communication, Strategic Marketing, Marketing Analytics
5. Management & Entrepreneurship
    - Indicative Courses include: Introduction to Business, Sustainability & Business Ethics, Managerial Economics, Asian Management, Business Consulting, Project Management; Strategic Management; Entrepreneurial Mindset and Action, New Venture Creation
6. Finance
    - Indicative Courses include: Introduction to Corporate Finance, Financial Derivatives, Fintech, Financial Markets & Institutions, Risk Management, Entrepreneurial Finance, Sustainable Finance, International Finance
7. Accounting
    - Indicative Courses include: Financial Accounting, Managerial Accounting, Intermediate Accounting, Advanced Accounting, Accounting for Entrepreneurs

Key Responsibilities:

- Teach 9 credits per semester, normally equivalent to three 3-credit courses, at the undergraduate and graduate levels.
- Maintain an active and independent research agenda leading to publication in high-quality, peer-reviewed academic journals.
- Contribute to the development of the School’s research culture through research collaboration, seminars and other scholarly activities.
- Deliver high-quality, face-to-face teaching in an international and multicultural learning environment.
- Contribute to course, curriculum and program development.
- Participate in academic advising, committee work, accreditation activities and other forms of service to the School.
- Represent and promote SolBridge through appropriate academic and professional networks.

Qualifications:

- A PhD in a relevant business discipline or closely related field from a recognized university.
- Evidence of, or strong potential for, high-quality academic research.
- A clearly defined research agenda and credible publication pipeline.
- The ability to teach effectively at the undergraduate and graduate levels.
- Experience with, or a demonstrated commitment to, experiential learning approaches.
- The ability to use AI and other digital technologies purposefully and responsibly to enhance teaching and student learning.
- The ability to contribute to one or more of the advertised academic areas.
- A commitment to face-to-face teaching, research and service.
- The ability to work effectively within an international and culturally diverse academic community.
- Strong English-language communication skills.

Compensation & Benefits:

- Competitive salary commensurate with qualifications and experience.
- University-provided housing for international faculty.
- Affiliation with the Korean National Health Insurance system.
- Enrollment in the Korean National Pension plan.
- E-1 visa sponsorship for eligible international faculty.
- Reimbursement of one-way airfare to Korea for faculty relocating from abroad.
- Twenty days of paid vacation per year.

Required Materials:

- Cover letter
- Curriculum Vitae
- Research statement
- Teaching statement
- A short self-introduction video, if available (recommended)
- Sample publications or job market paper, if available
- Names, titles, organizations and contact details of three references
