Bahrain Polytechnic - Academic Teaching Positions

Depending on the applications received and their evaluation, the Faculty reserves the right to offer the position of the academic level.

Commencement date: September 2023 or a date to be agreed

Place of work: Bahrain

For detailed information about us, please visit <https://www.polytechnic.bh/>

Job Duties:

- Manage the teaching and learning situations in assigned programmes and courses
- Design and produce teaching materials and participate in on-going curriculum development in collaboration with team members
- Ensure that all assessments meet the quality assurance requirements set out in Faculty policies and guidelines and that assessment methodology is clearly communicated to students
- Maintain excellence in teaching delivery and assist others as required
- Develop theoretical and practical learning situations appropriate to curriculum documentation
- Actively support and contribute to the objectives, direction and operation of the faculty and Bahrain Polytechnic

Essential qualification and experience

Successful applicants for academic positions are required to have:

- Master or PhD Qualification in a related field
- At least 3 years academic experience in a tertiary institution with primary delivery in English
- Demonstrated commitment to Student centered learning or Problem based learning methodologies
- Strong practical abilities

Your application:

Only applications sent via the <https://careers.polytechnic.bh/> portal will be considered.

Your application must include a cover letter, a detailed academic CV indicating your research interests, a list of your publications and copies of your most recent diplomas
