As part of your recruitment activity, you are probably looking for professors, lecturers, researchers and academic managers.

Since its launch in 2009, AKADEUS has proved itself to be a world leader on the targeted market of the job offers communication and recruitment of professors and academic managers in the business and management schools sector.

Our partners choose AKADEUS for three essential reasons: ◆

◆ There is no other network capable of competing with AKADEUS in terms of rapidity, targeting and impact!

AKADEUS is not an advertiser or a classic website as its differentiated approach is meant to be proactive and dynamic.

In fact, by means of its bimonthly newsletter, AKADEUS addresses directly and personally each of the 770,000 professors, holding references from the finest business schools in the world. The professors prefer this simple and direct communication method which systematically and in a customized way offers them synthesized information on all positions to fill at the international level. This direct and regular relationship provides visibility and incomparable power of media impact for the business schools which are AKADEUS clients.

◆ AKADEUS is exclusively dedicated to careers in Business and Management Schools!

AKADEUS has a full range of more than 16,500 active applicants - professors, academic managers and professionals available in the short and medium term - at its disposal. They work for top-ranked international institutions (the majority in Western Europe and North America).

The global specialized database of the professors involved in the AKADEUS services includes 770,000 professionals from higher education establishments.

This specialization allows AKADEUS to guarantee perfectly targeted services in relation to people, whose competences fully match your expectations.

◆ With AKADEUS, you can be assured of targeting precisely and save time by concentrating on selection!

AKADEUS offers services related to recruitment: job advertisements (30, 45, 60, 90 and 180 days), banners, candidates database access, direct search.
